

July 27, 2014

We had a spectacular week here at your beautiful cottage! Thank you so much!

We had one rainy day which was actually a nice break from the sun.

We loved bird watching (and listening through our window in the morning!)

We watched a bald eagle fishing in the lake yesterday.

Did lots of canoeing/kayaking and fishing. Not much luck on the fishing front. Just some small perch. (I caught the biggest one, but anyway...)

The lake was great for swimming. My brother's dog had almost no experience with swimming but became an expert swimmer by day 2. Very cute to see.

Thanks for having us. We had a great time.
